

Thank you for volunteering to complete the FY2011 Information Security Awareness (ISA) survey. Cyber Policy and Oversight and Team AgLearn take seriously the responsibility of creating training that is informative without consuming too much of your time, and conforms to the requirements of the Congressional mandate. The feedback we receive from this survey will be invaluable for us in the preparation of Fiscal Year 2012 training, and in years to come.

To complete the survey, close this browser window and return to your AgLearn Home Page. The survey will appear on your To-Do List. Launch it just as you would any other online content and answer the questions honestly and to the best of your ability; it will only take a few minutes.

When you are finished, click Submit to return to your Home Page. This survey will be added to your Completed Work in AgLearn, although your responses will remain anonymous.
